October 2007 Provincial Election Questionnaire

Question: Do you believe that the Minister of Energy should issue a directive to the Ontario Power Authority, pursuant to Section 25.30 of the *Electricity Act*, telling it to cancel its plans for the East Toronto Transmission Line; and develop an alternative strategy consisting of energy conservation and small-scale local generation to meet the electricity needs of downtown Toronto?

Answer: (Please circle one)

- a) Yes
- b) No
- c) Undecided

Additional Comments:

We have to expand our thinking beyond large scale production and transmission of electricity. We've barely touched on the idea of small scale production. But that time is now.
