

Ontario Clean Air Alliance Questionnaire
York South-Weston Provincial By-Election

Question #1: Do you believe the Government of Ontario should issue a legally binding regulation requiring the phase out of coal burning at the Nanticoke Generating Station by 2009?

- a) Yes
- b) No
- c) No opinion

Additional Comments: As MPP for York South Weston, I will call the M^cQuinty Liberals to account on their commitment to shut down Nanticoke by 2009. They are in government, and have the authority. But for the last three years they have refused to act. I believe the government should focus on efficiency, cogeneration and renewables

Question #2: If your response to question #1 was "no", do you believe that the Government of Ontario should issue a legally binding regulation requiring the phase out of coal burning at the Nanticoke Generating Station by a different date?

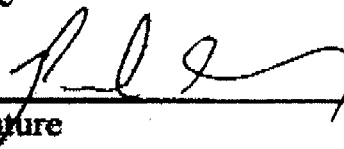

- a) Yes. Please specify the date: _____
- b) No

Additional Comments: _____

to meet their commitment. While the Liberals have refused to act, Ontario's biggest polluter continues to damage our air. They have to fix it. I will work with our caucus to pressure the Liberals to do so. (cont'd)
