

### Ontario Clean Air Alliance

### *October 2007 Provincial Election Questionnaire*

**Question:** Do you support Hydro One's proposal to build a new \$635 million high-voltage electricity transmission line from the Bruce Nuclear Station to the Town of Milton?

**Answer:** (Please circle one)

- a) Yes
- b)  No
- c) Undecided

**Additional Comments:** The existing line should be reinforced  
and priority given to renewable energy projects.  
This, combined with aggressive conservation + the  
development of "distributed" renewables is the most  
secure + cost effective energy picture. Reinforce the line -  
don't build a new one. It is not needed.
