October 2007 Provincial Election Questionnaire

Question: Do you believe that the Minister of Energy should issue a directive to the Ontario Power Authority, pursuant to Section 25.30 of the *Electricity Act*, telling it to cancel its plans for the East Toronto Transmission Line; and develop an alternative strategy consisting of energy conservation and small-scale local generation to meet the electricity needs of downtown Toronto?

Answer: (Please circle one)

a. Yes

b. No

c. Undecided

Additional Comments: This is a contentious issue in Scarborough. Much more must be done to help working families afford the retrofits that must happen to reach demand reduction targets.
